NPIC/TSSG/TD-1045-68  
30 January 1968

MEMORANDUM FOR: Executive Officer, TSSG

SUBJECT : Digitized Measuring Light Table, Phase II

The subject approval document is forwarded to you for your comments and approval. Please note that the cost to develop has been reduced from an estimated [redacted] fixed price. The rather large discrepancy between the estimated and actual cost results from a decision to utilize an existing off-the-shelf light table, which is adequate to the task, rather than to use the anticipated developmental table, which would have required extensive modifications at a considerably higher cost. This is, of course, in line with the President's economic philosophy.
